

Challenge Scholars Dream Fund

GRANT APPLICATION GUIDELINES

CHALLENGE
SCHOLARS

challengescholars.org

We believe that if students in West Side schools are:

motivated by their future and feel supported by caring adults,
engaged in learning and achieving at or above grade level and
ready, willing, and able to attend school every day
then they will be prepared for college or career training.

The Challenge Scholars Dream Fund offers financial support to projects that help students feel motivated, be engaged in school and have great attendance. Based on feedback from students, community organizations, teachers and parents, a series of “accelerants” were identified as priority areas for funding. **Accordingly, projects funded by the Dream Fund must address at least one of the following:**

- Exposes students to new networks and opportunities
- Increases connections between stakeholder groups (students, teachers, parents, community organizations)
- Builds student voice and leadership capacity
- Creates safe spaces
- Maximizes experiential learning
- Cultivates Challenge Scholars identity
- Supports parent engagement and buy-in
- Celebrates and incentivizes positive outcomes
- Helps students understand and navigate steps to college and career
- Supports teacher or school district engagement and buy-in
- Builds trusting relationships and connections
- Honors culture

Grant applications for projects of \$10,000 or less are now being accepted. In early 2019, applications for larger grants will be available...so stay tuned!
